SUBJECT: (S) NIAG 9060: NO PRESSURE-TRANSDUCER SHIPMENTS
FROM MKS INSTRUMENTS GMBH TO IRAN

REF: A. 09 BERLIN 558
[1](#)B. 09 STATE 46830

Classified By: Global Affairs Unit Chief Don L. Brown for
reasons 1.4 (b) and (d).

(S) On January 25, MFA Export Control Division Desk Officer,
Pitra Studert-Goeller, said German export control authorities
determined that there has been no delivery of a baratron
absolute capacitance monometer from the German firm MKS
Instruments GmbH to Iran in the past three years.
Additionally, Goeller said MKS Instruments has been
sufficiently sensitized about Iranian interest in its
products and associated deceptive procurement practices.
